**OPEN PUBLIC FORUM** – A concerned citizen, speaking on behalf of the residents of Maynard, informed the board of their concerns regarding the recent closing and/or reduction in weight limits on many county bridges, including the one that serves Maynard. He noted the understanding that money is tight regarding repairs or replacement of the bridges, but now no fuel trucks or fire trucks can cross their bridge. Their community is home to many elderly residents. Harrisville is the back up fire and emergency protection and it is 5 to 6 miles away. He wanted to bring this problem to the Commissioners' attention and felt that the county bridges are not being maintained. He said he didn't understand why all the county bridges went bad in one year's time and asked if a temporary bridge could be set up. The board advised him that the County Engineer should be contacted for further information, but they are aware of the situation and Commissioners Probst and Coffland plan to tour some of the bridges with Mr. Fred Bennett, County Engineer.

Some employees of Park Health Center were present and asked for an update regarding the sale/lease of the facility. Commissioner Probst explained that a resolution will be made tonight to extend the closing of Park Health Center again. An inspection needs to be done by the Ohio Department of Health and that hasn't been completed yet. When they came to inspect there was a misunderstanding as to who they were inspecting for. They will return to base their inspection on the new owners. After that, the license can be granted. Commissioner Coffland stated the board has been working day and night to close the deal and both he and Commissioner Probst assured the employees that they are looking out for the best interests of the employees.

**DISCUSSION HELD RE: MT. VICTORY WATERLINE PROJECT**

Commissioner Probst announced on behalf of the board that the Mt. Victory Waterline Project has received funding through the Ohio EPA. The project was ranked 54<sup>th</sup> out of 156 on the Ohio EPA's DRAFT of the Intended Use Plan and Management Plan for the Drinking Water Assistance Fund for Program Year 2010. 1,694 drinking water projects had been submitted to the State of Ohio for funding. The project will receive \$1,371,000.00 in principal forgiveness from the American Recovery & Reinvestment Act and a \$528,210.00 loan at 0% interest for a 30 year term through the Ohio EPA's loan program.

This waterline project spans a distance of approximately 10 miles along CR 56 from SR 147 in Jacobsburg to Cove Road, York Township. Residents currently rely on wells as their water source, many of which are contaminated or run dry. This project will also provide the Village of Powhatan and York Township with an additional and emergency back-up water supply.

Commissioner Probst stated numerous Boards of Commissioners have tried for years to get water to this area. He thanked the residents of Mt. Victory for their patience. A long list of individuals, including federal, state, county and township officials, involved in this 20 year process was read to recognize and thank them for their efforts in obtaining this funding.
